Course Policies & Procedures

Technology Enhanced Course

This is a face-to-face course that requires attendance in face-to-face meetings and utilization of online resources.

Communicating With the Instructor

This course uses a Canvas discussion board called "Hallway Conversations" for general questions about the course. Prior to posting a question, please check the syllabus, announcements, and existing posts. If you do not find an answer, post your question. You are encouraged to respond to the questions of your classmates.

Email questions of a personal nature to your instructor or assigned TA. You can expect a response within 48 hours.

Email and Canvas Inbox

ASU email is an official means of communication among students, faculty, and staff (http://www.asu.edu/aad/manuals/ssm/ssm107-03.html). Instructor correspondence will be sent to your ASU email account or through the Canvas Conversations Inbox tool. Please ensure that your Canvas notification preferences are current at the beginning of each semester (for more information see https://community.canvaslms.com/docs/DOC-10624-4212710344).

Students are expected to read and act upon messages in a timely fashion. Students bear the responsibility of missed messages and should check their ASU-assigned email and Canvas Inbox regularly.

Campus Network or Canvas Outage

When access to Canvas is not available for an extended period of time (greater than one entire evening) you can reasonably expect that the due date for assignments will be changed to the next day (assignment still due by 11:59pm).

If an outage occurs, it is expected that you will confirm that the outage is with the University and not your local internet service provider. To monitor the status of campus networks and services, please visit the System Health Portal (https://asu.service-now.com/sp?id=services_status). If a system-wide ASU outage is NOT listed, you are responsible for contacting the ASU Help Desk to report and troubleshoot the issue. By contacting the help desk, a request case number will be created for you, which serves as an important documentation of your attempt to resolve any technical problems in a timely fashion. You may be required to forward this documentation to your instructor.

Course Time Commitment

This three-credit course requires approximately 135 hours of work. Please expect to spend 3 hours each week in class and around 6 hours each week completing homework and preparing for the class time.

Absences and Late or Missed Assignments

Students are expected to attend every class and remain in class for the duration of the session. Failure to attend class, or arriving late may impact your ability to achieve course objectives which could affect your course grade. An absence, excused or unexcused, does not relieve a student of any course requirement. Regular class attendance and adherence to assignment/test due dates are the student's responsibility. Please follow the appropriate University policies to request an accommodation for religious practices (http://www.asu.edu/aad/manuals/acd/acd304-04.html) or to accommodate a missed assignment due to University-sanctioned activities (http://www.asu.edu/aad/manuals/acd/acd304-02.html).

Notify the instructor BEFORE an assignment is due if an urgent situation arises and the assignment will not be submitted on time. Published assignment due dates (Arizona Mountain Standard time) are firm.

Submitting Assignments
All assignments, unless otherwise announced, MUST be submitted to the designated area of Canvas. Do not submit an assignment via other methods unless specifically directed.

Use of Electronic and Smart Devices During Exams
All electronic and/or smart devices (examples include, but are not limited to cell/mobile/smart phones, tablets, watches, smart glasses, etc.) are prohibited during the exam and must be placed with belongings in the area designated by faculty for the duration of the exam. Unless otherwise specified by faculty, handheld calculators are also prohibited.

To minimize distractions during the exam, please ensure that phones and other digital devices are silenced or turned off during the exam (not placed on vibrate).

Prohibited aids are any devices or materials that may be helpful in taking the exam. Using, accessing, or attempting to access any prohibited aids is a violation of academic integrity.

Appropriate online behavior (also known as *netiquette*) is defined by the instructor and includes keeping course discussion posts focused on the assigned topics. Students must maintain a cordial atmosphere and use tact in expressing differences of opinion. Inappropriate discussion board posts may be deleted by the instructor.

If a student should deem any part of the course content offensive, this should be brought to the attention of the instructor, or alternatively, to the unit chair or director via email. Communication should include reference to the course information and specific offensive content.

The Office of Student Rights and Responsibilities accepts incident reports (https://eoss.asu.edu/dos/srr/filingreport) from students, faculty, staff, or other persons who believe that a student or a student organization may have violated the Student Code of Conduct.
