Business (Information Security), BA

BABUSISBA

Today's organizations rely on cyber infrastructure to conduct business transactions with their customers and business partners. This program provides you with skills necessary to understand how digital infrastructure should be organized and managed with business policies and frameworks such that the risks to organizational processes and transactions are minimized.

Program Description

Data security has become an everyday part of business operations. Protecting key stakeholders and clients is an essential aspect for businesses of all sizes and types. The BA degree program in business with a concentration in information security provides students with core business skills as well as the basic critical and technical skills necessary to understand cyber threats, security and prevention in the business setting.

- Global Management, MGM

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

Admission Requirements

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman | Transfer | International | Readmission

Additional Requirements:

Freshman admission requirements for this program are the same as the university's freshman admission requirements.

Readmission requirements: Students must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer Admission Requirements:
Transfer applicants must have a 3.00 GPA for all transfer work and must meet university transfer admission requirements. Transfer students should select an additional major, which must be outside the W. P. Carey School of Business, when applying for admission.

Students with fewer than 45 transfer credit hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice are placed in the exploratory social and behavioral sciences program in the College of Integrative Sciences and Arts.

**Change of Major Requirements**

Students should refer to the following W. P. Carey website to determine if they meet change of major requirements: [https://students.wpcarey.asu.edu/degrees-and-advising/degree-programs/change-majors](https://students.wpcarey.asu.edu/degrees-and-advising/degree-programs/change-majors).

Students ready to change their major should submit their request through W. P. Carey's Advising SOS: [http://wpcarey.asu.edu/sos](http://wpcarey.asu.edu/sos).

Students should refer to [https://changingmajors.asu.edu/request](https://changingmajors.asu.edu/request) for information about how to change a major to this program.

**Transfer Options**

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use the [Transfer Map search](https://transfer.asu.edu) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: [https://admission.asu.edu/transfer/pathway-programs](https://admission.asu.edu/transfer/pathway-programs).

**Global Opportunities**

**Global Experience**

As globalization continues to impact the way business functions, study abroad programs provide students valuable skills employers are looking for, including communication and interpersonal skills, flexibility,
motivation and a real-life perspective on business applications worldwide. Business students can study abroad nearly anywhere in the world and gain valuable internship experience in global business hubs like Australia, Germany, England, Singapore, China, the United Arab Emirates and many more.

The W. P. Carey School of Business recommends the following study abroad programs for students majoring in business with a concentration in information security: [http://links.asu.edu/SAO.infosecurity](http://links.asu.edu/SAO.infosecurity).

## Career Opportunities

This is an ideal degree for students interested in anything from small-business startups to the management of large cybersecurity companies. The degree program prepares those who are interested in managing digital business, working in organizations that predominantly conduct business online and developing basic information security technical competency relevant for most organizations.

Career examples include but are not limited to those shown in the following list. Advanced degrees or certifications may be required for academic or clinical positions.
