Arizona's highest-ranked part-time MBA is designed to build your leadership skills, deepen your expertise and fit your schedule.

Program Description

Degree Awarded: MBA W. P. Carey MBA
The W. P. Carey School of Business MBA program provides a solid foundation and knowledge base in the core business disciplines; students develop analytic capabilities, decision-making and leadership skill sets essential to making sound business decisions. Through a comprehensive business curriculum taught by world-renowned faculty, the W. P. Carey professional flex Master of Business Administration expands students' leadership skills and helps them immediately impact their organizations.

Students can personalize their Master of Business Administration through evening and online classes while earning their degree in two to four years. With a variety of electives and concurrent degree programs through partnership with other highly ranked ASU schools, students receive the competitive edge needed to reach their career goals. The curriculum is delivered in a case-based, team-oriented and discussion-style learning environment. Elective courses provide additional depth and breadth to enhance an area of emphasis, students' knowledge base and career goals.

The professional flex Master of Business Administration program is designed for working professionals seeking to continue working full time while attending school. The program starts in August and is completed in 21 months.

A W. P. Carey Master of Business Administration stands apart from many part-time MBA programs that offer a core business curriculum with very little specialization. With more than 40 electives, technical
certificates and concurrent degrees, students can fit their Master of Business Administration with their passions, and pursue a degree at the same time. The MBA program is supported by each of the eight academic units within the W. P. Carey School of Business.

As a STEM-designated master's degree, the program allows eligible graduates on student visas access to an Optional Practical Training extension for up to 36 months, helping international students gain additional skills and experience in the U.S.

Additional Curriculum Information
While there are no business course prerequisites, potential students must demonstrate strong quantitative ability and effective written and oral communication skills.

The business school does not accept graduate credits earned while students are in nondegree status or courses taken prior to admission to the Master of Business Administration program or taken while
enrolled in another Master of Business Administration program outside the W. P. Carey School of Business. Registration in School of Business courses numbered 501 and above is limited to students who have been admitted to a graduate degree program and have the approval of the MBA program office.

The core courses are designed to provide a foundation in business knowledge and skills and must be taken in the prescribed sequence. Elective courses build upon the business core and center on the further development of an area of emphasis. There may be additional requirements that vary by area of emphasis. The program is completed in 21 months.

All students must successfully complete the comprehensive requirement established for the Master of Business Administration by the W. P. Carey School of Business and the Graduate College. The comprehensive culminating experience is integrated with MGT 589 Strategic Management. Students passing this course with a grade of "B" (scale is 4.00 = "A") or higher satisfy the comprehensive examination requirement.
