Information Management, MS

BAINFOMS

Within the nation's most innovative university, the W. P. Carey School is committed to building a tight-knit community. Through small classes, team-based learning and individualized attention every step of the way, your W. P. Carey experience is uniquely your own.

Program Description

Degree Awarded: MS Information Management

The W. P. Carey MS in information management delivers a cutting-edge information management curriculum, helping students develop critical leadership skills. The Master of Science in information management is tailored to fit students' schedules. Students may begin the program in January or August.

Through the latest techniques and methodologies, hands-on experience and relevant case studies, students discover how digital innovations, data analytics and information systems are transforming business. The program prepares students to manage in an information technology environment, learning the business skills needed to leverage IT and gain a competitive advantage in a global economy.

The format of the program has been designated by the U.S. Immigration and Customs Enforcement agency within the Department of Homeland Security as a STEM eligible degree program (CIP code 52.1301). The STEM designation allows eligible graduates on student visas access to an Optional Practical Training (OPT) extension (https://students.asu.edu/international/support/opt), up to 36 months as compared to 12 months for non-STEM degrees. The longer work authorization term may help international students gain additional real-world skills and experience in the U.S. Students should see the academic unit for individual advisement.
