Real Estate, Minor

BAREAMIN

Description

The real estate minor program is designed to provide an understanding of the real estate industry and to complement the major area of study.

It consists of a strong foundation that includes real estate fundamentals, law, appraisal and land development. To complement the foundation, students may choose from a variety of courses such as investing, economics and urban issues.

PUP 465: Sustainable Urbanism (3)
PUP 494: Environment, Justice & Cities (3)
Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements**

**GPA Requirement:** 2.00 minimum

**Incompatible Majors:** None

**Other Enrollment Requirements:** None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

**Career Opportunities**
A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

Graduates with a minor in real estate understand the complexity of real estate, and this competitive knowledge base is a benefit as they pursue careers in the real estate industry.
