Applied Science (Food and Nutrition Entrepreneurship), BAS

ECNTRBAS

This program's name has changed, effective Fall 2020. The previous name was Applied Science (Food Service Management).

Program Description

The BAS degree program with a concentration in food and nutrition entrepreneurship is designed to complement and enhance the educational preparation of students holding an AAS degree in culinary or hospitality science.

Admission Requirements

General University Admission Requirements:
All students are required to meet general university admission requirements.

Additional Requirements:

Students applying to this program must have completed an Associate of Applied Science degree. This program is not available for freshmen.

Change of Major Requirements

Only students who have completed an Associate of Applied Science degree are eligible to declare Bachelor of Applied Science majors at ASU.

Students should refer to https://changingmajors.asu.edu/request for information about how to change a major to this program.

Transfer Options

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use the Transfer Map search to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: https://admission.asu.edu/transfer/pathway-programs.

Global Opportunities

Global Experience

Food is at the center of culture. Studying abroad helps students gain a deeper understanding of how food and culture intertwine and how to communicate nutritional and sanitary standards to a diverse audience. Students enhance their resumes through heightened communication, cultural competency and critical thinking skills. https://mystudyabroad.asu.edu/

The College of Health Solutions recommends the following study abroad programs for students majoring in nutrition: http://links.asu.edu/SAO.nutrition.
Career Opportunities

This degree program prepares students for careers in food production, service, management and marketing. With additional education or professional training, students may also become credentialed as:

- certified dietary managers
- registered sanitarians
- school food service and nutrition specialists

Career examples include but are not limited to those shown in the following list. Advanced degrees or certifications may be required for academic or clinical positions.
