Construction Management, Minor

ESCMGMIN

Description

This minor is comprised of coursework in construction management processes incorporating the technology and industry practices required to ensure a quality-built environment. Due to industry demands for increased numbers of skilled personnel, this minor will provide much needed supplementary knowledge for architects, engineers and business majors as well as students majoring in sustainability.

At a Glance

- College/School: Ira A. Fulton Schools of Engineering
- Location: Tempe campus

Program Requirements

The minor requires 18 credit hours. The following are courses that must be completed with a grade of "C" (2.00) or higher:

Core Required (12 Credit Hours):
CON 244: Working Drawing Analysis(2)
CON 252: Building Construction Methods, Materials, and Equipment or CON 243: Heavy Construction Equipment, Methods and Materials(3)
CON 383: Construction Estimating(4)
CON 448: Sustainable Construction(3)

Elective Courses (6 Credit Hours):
CON 453: Construction Project Management I or CON 487: Heavy Construction Project Management(3)
CON 495: Construction Planning and Scheduling (CS)(3)
CON 496: Construction Contract Administration (L)(3)
Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements**

**GPA Requirement:** 2.00

**Majors Ineligible to Add This Minor:** construction management and construction engineering

**Other Enrollment Requirements:** None

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed coursework, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.
