Art (Art Studies), BA

FAARTSTDBA

Program Description

The art studies curriculum offers students a broad educational foundation in the arts and General Studies. The BA program in art with a concentration in art studies is a transdisciplinary program featuring coursework in art history, studio art, performing arts and a range of arts-related courses throughout the university. This concentration offers students a great deal of flexibility in planning coursework. The scope of offerings in art is unparalleled at smaller institutions and the ability to combine art classes with offerings from other disciplines at ASU makes this a uniquely open degree. An art studies student can assemble an art-related curriculum focused on individual student needs in consultation with a faculty advisor.
