Health Informatics, MAS

Earn a master's level degree covering the effective use of information technology, data science and knowledge representation to impact health and health care. Focus areas include workflows, population health management and data analysis.

Program Description

Degree Awarded: MAS Health Informatics

The MAS degree in health informatics is a flexible program formatted to meet the needs of working professionals. Core courses provide a background in clinical informatics, while electives allow students to specialize in focus areas such as data science or mobile health. The degree program prepares graduates with skills for careers in a wide range of health care settings. Professionals in nonhealth fields can also develop the skills needed to transition into careers in this rapidly expanding field.

Degree Requirements

30 credit hours including the required applied project course (BMI 593)

**Required Core (12 credit hours)**

- BMI 601 Fundamentals of Health Informatics (3)
- BMI 603 Health Informatics Database Modeling and Applications (3)
- BMI 614 Current Perspectives in Health Informatics (3)
- BMI 616 Clinical Decision Support and Evidence-Based Medicine (3)

**Electives (15 credit hours)**
Admission Requirements

Applicants must fulfill the requirements of the Graduate College and the College of Health Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in a related field such as biology, computer science, medicine, nursing, pharmacy or public health, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of a student's first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants are required to submit:

1. graduate admission application and application fee
2. official transcripts
3. current resume or curriculum vitae
4. two letters of recommendation
5. statement of purpose
6. proof of English proficiency

Additional Admission Requirements
An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. A TOEFL score is required for applicants whose native language is not English.
