Art (Digital Photography), BFA

HIARTDPBFA

In this innovative online studio art program, you work with practicing artist-educators to explore critical issues in digital photography and develop tools and skills to express your personal vision through photo-based art.

Program Description

The BFA in digital photography teaches students to master the technical, aesthetic and conceptual aspects of photography in the information age.

Through assignments, readings, lectures, critiques, discussion and projects, students work with classmates, artists and faculty to develop and refine their own creative vision and comprehensive knowledge of the theory, practice and history of photography. Not bound by traditional schedules or the limitations of location, this program's flexibility creates a unique community of instructors and students and provides studio-practice art education to a wide and diverse student population.

The program culminates in a capstone course dedicated to producing a self-defined final portfolio of accomplished work.

**Required Courses (Major Map)**
Admission Requirements

General University Admission Requirements:

All students are required to meet general university admission requirements. **Freshman** | **Transfer** | **International** | **Readmission**

Change of Major Requirements

A current ASU student has no additional requirements for changing majors.

Students should refer to [https://changingmajors.asu.edu/request](https://changingmajors.asu.edu/request) for information about how to change a major to this program.

Attend Online

ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information [here](https://changingmajors.asu.edu/request).

Transfer Options

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use the [Transfer Map search](#) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: [https://admission.asu.edu/transfer/pathway-programs](https://admission.asu.edu/transfer/pathway-programs).

Global Opportunities

Global Experience
Study abroad programs in countries such as France, Japan and South Africa refine students' own creative vision and comprehensive knowledge of the theory, practice and history of photography. The international practice of photography allows students to expand their portfolio and pursue onsite locations similar to those found only in the professional field.
