Geography, MA

Come discover geographical sciences at ASU. The MA program in geography offers a unique learning environment that places your focus on location --- the heart of geography, urban planning, climatology and GIS. With that foundation, you can tackle some of the most pressing environmental and societal challenges facing our world today.

Program Description

Degree Awarded: MA Geography

The MA in geography program is designed to offer specialized academic and professional training in geography so students may secure a sound graduate background for further specialization or for immediate employment. Graduates of the program find career opportunities in public and private industries, including education, government agencies and research facilities, as well as continue on to pursue doctoral degrees. The program has sufficient flexibility to allow for individual needs and interests, allowing students to create a plan of study that fits their personal and professional goals.

In addition to innovative coursework, the state-of-the-art research centers Spatial Analysis Research Center and Urban Climate Research Center offer students the opportunity to work with exceptional faculty on diverse research projects. Students have the opportunity to work alongside some of the brightest minds in geography, including four members of the National Academy of Sciences and rising talent in the fields of urban heat island research, GIS and more.

Students earning the MA in geography have the ability to build a path of knowledge that reflects their personal interests within the realms of geography. Students benefit from a wide variety of coursework and research opportunities in four broad interdisciplinary themes that span the expertise of the faculty within the School of Geographical Sciences and Urban Planning:

- computational spatial science
- earth systems and climate science
- place, identities and culture
- sustainability science and studies

- **College/School:** The College of Liberal Arts and Sciences
- **Location:** Tempe campus

Accelerated Program Options

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Geography, BA
- Geography, BS
- Geography (Meteorology-Climatology), BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

Degree Requirements

30 credit hours and a thesis

**Required Core (6 credit hours)**
- GCU 529 Contemporary Geographic Thought (3)
- GCU 585 Geographic Research Design and Proposal Writing (3)

**Other Requirement (2 credit hours)**
- GCU 591 Seminar: Geography Colloquium (1), or
- GPH 591 Seminar: Geography Colloquium (1)

**Electives (16 credit hours)**

**Culminating Experience (6 credit hours)**
- GCU 599 Thesis (6), or
- GPH 599 Thesis (6)

Additional Curriculum Information

Students will take the other requirement seminar course twice. Once in each of the first two semesters of the program for one credit hour each. Other coursework may be used with approval of the academic unit.
Students select additional elective coursework in consultation with their advisory committee.

The School of Geographical Sciences may consider a student for a traditional master's degree program that includes the successful defense of a thesis. Master's degree students must complete the coursework at ASU.

**Admission Requirements**

Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00="A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

1. graduate admission application and application fee
2. official transcripts
3. personal statement
4. resume
5. GRE scores
6. three letters of recommendation
7. proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The personal statement must address four items:

1. What specialty in geography does the applicant wish to pursue, and why?
2. What aspects of the applicant's education (a description is needed) will enable the student to pursue this specialty?
3. What additional training does the applicant believe can be obtained at Arizona State University to realize the applicant's educational and career goals?
4. Applicants should provide any other information they feel should be considered in their application for admission (e.g., research experience or information which might be drawn from the applicant’s resume).

Letters of recommendation must be from three faculty members who can attest to the applicant’s academic achievements.

**Application Deadlines**

**Fall**
