Political Science, BS

Study how citizens interact with their governments and how governments at all levels formulate policies to serve their citizens. From domestic elections and lobbying to the international issues of terrorism, diplomacy and empowerment, apply what you learn as you explore innovative approaches to today's emerging local and global challenges.

Program Description

The BS in political science is useful for students who are looking for careers that require analytical thinking and quantitative skills. It offers a variety of courses and opportunities to study politics and public policy at the local, national and global levels. The program aims to provide students with the tools and skills necessary to link theory with real-world problems and issues. By providing experience with the analysis of political statistics, this degree program acquaints students with quantitative application skills. These skills are useful in graduate studies in political science, careers in public policy and other analytical positions in or related to government and politics.
