Program Description

Degree Awarded: MA Sociology

The MA program in sociology provides advanced training for those preparing for applied careers in sociology. Students gain knowledge and skills that can be used to promote healthy individuals and families by understanding how the social context influences their well-being, and they will develop an understanding of the factors that promote successful relationships and positive outcomes for individuals, families and communities.

The online format provides easy access to rigorous and valuable information that informs best practices in improving the lives of individuals, families and communities. The program also includes a customizable culminating experience that allows students to focus their training in their areas of interest and work.
