HST Upper Division Elective (12)

**Notes:** A minimum of six credit hours must be taken in courses offered by the College of Integrative Sciences and Arts.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.
Enrollment Requirements

GPA Requirement: 2.00

Incompatible Majors: BA in history; BA in history of science, ideas and innovation

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

A minor in history can help students as they pursue careers in education, historical interpretation and conservation, legal professions, as archivists and curators, or in any position requiring critical thinking, research and writing skills.
