Technical Communication, MS

Build your professional communication skills to apply to the private, public and nonprofit sectors. This program is open to applicants from any field.

Program Description

Degree Awarded: MS Technical Communication

The MS degree program in technical communication teaches students how to design, produce and manage print and digital texts using traditional and developing technologies. The curriculum provides students with a comprehensive understanding of the professional, cultural and ethical issues that shape the field; it balances theory and practice to ensure students develop the analytical abilities, technology expertise and hands-on skills necessary for success as a technical communicator.

Students who complete the program will be accomplished writers, editors, designers and researchers who are able to respond effectively to a range of audiences, issues and communication situations. The program will prepare students for technical communication positions in the private, public and nonprofit sectors and will offer professionals the opportunity to further advance their careers.

At a Glance

- **College/School:** College of Integrative Sciences and Arts
- **Location:** Polytechnic campus or online

Degree Requirements

36 credit hours including a thesis, or
36 credit hours including the required applied project course (TWC 593), or
36 credit hours including the required capstone course (TWC 596)
**Required Core (6 credit hours)**

TWC 504 Applied Rhetoric and Technical Communication (3)
TWC 505 Research in Technical and Applied Communication (3)

**Restricted Electives (24 or 27 credit hours)**

**Culminating Experience (3 or 6 credit hours)**

TWC 593 Applied Project (6) or
TWC 596 Technical Communication Capstone (3)
TWC 599 Thesis (6)

**Additional Curriculum Information**

Students who do not have previous technical communication coursework or relevant industry experience must take TWC 501 Fundamentals of Technical Communication (3) as a restricted elective. For a full list of the approved electives courses, students should inquire with the academic unit.

Students complete an applied project, capstone course or thesis for the culminating experience. Students who choose the capstone will complete an additional three credit hours of elective coursework for a total of 27 elective credit hours.

**Admission Requirements**

Applicants must fulfill the requirements of both the Graduate College and the College of Integrative Sciences and Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of a student's first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

1. graduate admission application and application fee
2. official transcripts
3. statement of purpose
4. portfolio
5. three letters of recommendation
6. proof of English proficiency
**Additional Application Information**
An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Since this degree requires a high degree of proficiency in English, an applicant whose native language is not English will be expected to have one the following TOEFL scores: 600 traditional paper-based, 100 Internet-based, or 250 computer-based.

All applicants must submit a written letter of application that includes a detailed statement of purpose as well as a portfolio of at least three documents that demonstrate the applicant's ability to write in a variety of genres. Portfolio documents can include both academic and professional writing for a range of audiences and purposes and need not be in the area of technical communication. The portfolio should be 15 to 30 pages in length. The writing samples in the portfolio will be evaluated using a rubric that considers several criteria, including a demonstration of the ability to focus on a specific purpose and to meet audience needs and show organization, clarity, mechanical soundness and overall effectiveness.

All applicants must submit three letters of reference, either academic or professional, that speak to the background and capabilities of the applicant.
