Communication Disorders in Multilingual/Multicultural Populations (Graduate Certificate)

Learn how to work with culturally and linguistically diverse people of all ages with different communication disorders in a variety of contexts and using the latest evidence based practices in assessment and intervention.

Program Description

Degree Awarded: Certificate Communication Disorders in Multilingual/Multicultural Populations (certificate)

The certificate program in communication disorders in multilingual and multicultural populations provides expanded coursework on working with adults, children and families who are culturally and linguistically diverse. It also offers enhanced academic classes, clinical experience in authentic community-based settings and engagement in community-centered, interprofessional projects.

Students who complete the certificate program have the knowledge and practical experience to address effectively the needs of culturally and linguistically diverse adults, children and families.
