Health Science for the Peace Corps, Certificate

Applications are not currently being accepted for this program.

Description

The certificate program in health science for the Peace Corps is designed to give students who plan to apply for the Peace Corps a background in the foundational areas of health care: cultural and social determinants of health, public and community health, U.S. and global health systems, and changing health behaviors. Students who complete the certificate program are prepared to provide transdisciplinary perspectives on global health needs.

Program Requirements

Certificate Map (Archives)
2019 - 2020 Certificate Map

The certificate requires a minimum of 18 credit hours, of which at least 12 credit hours must be upper division credits. Courses taken as part of a university major may count toward both the degree and the certificate. A grade of C or better must be earned for all courses in the certificate.

- HCD 210: Cultural Aspects of Health (C) (3)
- HCD 303: Global Health Care Systems (G) (3)
- HCD 330: Health Care Systems in the U.S. (3)
- HSC 340: Changing Health Behaviors (3)
- IBC 420: Population Health Management (3)
- POP 100: Introduction to Population Health (3)
Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements**

An application to the certificate program is required.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.
