Family Nurse Practitioner (Graduate Certificate)

NUFMPGRCE

Program Description

Degree Awarded: Certificate Family Nurse Practitioner (certificate)

This certificate program, accredited by the Commission on Collegiate Nursing Education, is designed for nurses with a DNP or MS degree in nursing who seek to become family nurse practitioners. This certificate program is offered in a hybrid iCourse and in-person format that requires students to travel to campus for up to a week for orientation at the beginning of the program and two or three times per semester.

Focused clinical experiences are arranged with appropriate preceptors and administrators. Every attempt will be made to arrange this in the student's geographical area. In the event that clinical sites are unavailable in that area or if the faculty determine the student needs additional faculty supervision of skills, the student will be required to complete the clinical experience in the Phoenix area. Rural health and experiences with disadvantaged and multicultural populations are encouraged, and sites are available for these experiences.
