Health Care Compliance and Regulations, BS

NUHCCRBS

Your passion for rules, regulations and policy has a home in the Edson College. You will gain the skills and leadership insight to ensure patient safety, manage compliance training, and advocate for proper ethical and legal decisions.

Program Description

The BS program in health care compliance and regulations is the first undergraduate degree program in the U.S. dedicated to the education and training of compliance specialists in the health care environment. This program offers students the opportunity to learn best practices from business, regulatory, ethics and the medical industry to channel into a career in health care compliance.

This program is ideal for anyone interested the ethical, regulatory and business sides of the health care industry. Program areas of emphasis:

- accreditation standards, auditing and policies
- analyzing data for investigations and decision making
- data privacy and security
- getting to root cause and collaborating on solutions
- project participation and management
- revenue cycle including current billing and coding procedures
- understanding compliance policies, laws and regulations

Admission Requirements

General University Admission Requirements:

All students are required to meet general university admission requirements.

| Freshman | Transfer | International | Readmission |

Change of Major Requirements

A current ASU student has no additional requirements for changing majors.

Students should refer to https://changingmajors.asu.edu/request for information about how to change a major to this program.

Attend Online

ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here.

Transfer Options

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use the Transfer Map search to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: https://admission.asu.edu/transfer/pathway-programs.
Global Opportunities

Global Experience

With over 250 programs in more than 65 countries ranging from one week to one year, study abroad is possible for all ASU students wishing to gain global skills and knowledge in preparation for a 21st-century career. Students earn ASU credit for completed courses, while staying on track for graduation, and may apply financial aid and scholarships toward program costs. https://mystudyabroad.asu.edu/

Career Opportunities

Graduates may be employed as:

- compliance analyst
- compliance leads/trainers for health care operations (revenue, clinical care, research, education)
- health care or hospital compliance analyst or specialist
- health care or hospital regulatory affairs analyst or specialist
- HIPAA privacy compliance analyst or specialist
- internal auditor, claims auditor, audit response lead
- Medicare/Medicaid compliance analyst or specialist
