Healthcare Innovation, MHI

The Master of Healthcare Innovation is the first degree of its kind in the country --- a transdisciplinary, fully online, asynchronous program that prepares students to lead transformation in health care. Learn to create and sustain innovative solutions in health care from multiple perspectives.

Program Description

Degree Awarded: MHI Healthcare Innovation

Students learn how to create and sustain cultures of innovation in health care from multiple perspectives: personal competence for innovation, use of evidence in decision-making, remodeling system infrastructures, financing, communication, entrepreneurship, technology and policy-making. Students develop competence in the design, application and testing of innovative processes and products. A primary focus is on preparing students to lead processes of innovation and transformation. Innovative thinking, planning, implementing and evaluation are emphasized throughout the program. The curriculum incorporates the latest trends in health care and is built upon collaboration with other professionals and faculty across diverse disciplines.

Graduates of the program gain leadership skills to influence the future of health care and help transform and improve health care outcomes for consumers and communities.

Admission Requirements

Applicants must fulfill the requirements of both the Graduate College and the College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a nationally recognized, regionally accredited academic institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of a student's first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit

1. graduate admission application and application fee
2. official transcripts
3. three professional recommendations
4. personal statement and essays
5. current resume
6. proof of English proficiency

Additional Application Information
An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The professional recommendations should be from individuals knowledgeable about the applicant’s academic and leadership potential.
