Most kinesiology undergraduate students aspire to attend graduate school. You will feel well-prepared and ahead of the pack when it comes to success in graduate programs because of this program's rigorous curriculum. You also have opportunities to engage in research, community outreach, attend conferences and work one-on-one with faculty.

Program Description

A BS degree in kinesiology prepares students for graduate study in physical or occupational therapy, physician assistant programs, medicine and other health-related professional programs. In order to be successful in these programs, students need to have a deep understanding of how the human body works.

In kinesiology, all aspects of human function are studied, but it is done from the perspective of human movement. The curriculum provides a scientifically inclusive approach to human movement, studying mechanical, anatomical, neural, developmental, physiological and psychological mechanisms. This gives students in the program a well-rounded understanding of all aspects of human function as it pertains to movement and exercise.

At a Glance

- **College/School:** College of Health Solutions
- **Location:** Downtown Phoenix campus, ASU@Lake Havasu

- **Additional Program Fee:** Yes
- **Second Language Requirement:** No
- **First Required Math Course:** MAT 170 - Precalculus
- **Math Intensity:** Moderate

Required Courses (Major Map)
Accelerated Degrees

This program allows students to obtain both a bachelor’s and master’s degree in as little as five years. It is offered as an accelerated bachelor’s and master’s degree with:

Clinical Exercise Physiology, MS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

Admission Requirements

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman | Transfer | International | Readmission

Change of Major Requirements

A current ASU student has no additional requirements for changing majors. Students should see https://students.asu.edu/changingmajors for information about how to change the major to this program.

Transfer Options

ASU is committed to helping you thrive by offering tools that allow you to personalize your transfer path to ASU. Students may use the Transfer Map search to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools, and resources and help students save time and money in their college journey. Learn more about these programs by visiting the Admissions site.

Global Opportunities

PLuS Alliance
Global Experience

With over 250 programs in more than 65 countries (ranging from one week to one year), study abroad is possible for all ASU students wishing to gain global skills and knowledge in preparation for a 21st-century career. Students earn ASU credit for completed courses, while staying on track for graduation, and may apply financial aid and scholarships toward program costs. https://mystudyabroad.asu.edu/
