Emergency Management and Homeland Security, MA

PPEMHSMA

Program Description

Degree Awarded: MA Emergency Management and Homeland Security

This degree program provides students with the skills and knowledge to manage and assume positions of leadership within the fields of emergency management and homeland security. Concepts of public policy and management, science, technology and criminal justice are blended together to enhance and foster critical thinking within the general field of study. Based upon integrative science, this degree transcends the confining boundaries of traditional programs and emphasizes the systems approach. More specifically, an all-hazards and all-threats orientation provides the student with a generalist perspective which is critically important for the disaster managers of today and tomorrow.
