This program's name has changed effective Spring 2019. The previous name was Program Evaluation.

Program Description

Degree Awarded: MS Program Evaluation and Data Analytics

The MS in program evaluation and data analytics is a degree program that provides students with a solid grounding in the applied and conceptual tools of conducting program evaluations. It is designed to provide graduate-level instruction and experience in conducting evaluation research with training in a broad spectrum of evaluation research methods. Upon graduation, students will be specialists in this area of research, and their training will have broad applicability for public, nonprofit and private sector programs and policies.
