Educational Studies, **Minor**

**TEEDSTMIN**

Moment by moment, day by day and person by person, educators ignite minds and strengthen communities. Programs at Mary Lou Fulton Teachers College offer a blend of classroom instruction and professional experiences that prepare you to ask the right questions, navigate uncertainty and make a difference.

**Description**

Learning happens everywhere and at all ages. The educational studies minor prepares students to work with children, youth and adults in nonprofit settings, community institutions, civic organizations and businesses. It provides a foundation for students to shape the role of education in society and the act of learning.

**LSE 303: Human Development: Addressing Learner Capabilities** (3)  
**LSE 305: Conceptualizing Learning: Theories in Practice** (3)  
**LSE 401: Designing Learning Environments for Inclusion** (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements**

**GPA Requirement:** 2.00

**Incompatible Majors:** All education majors

**Other Enrollment Requirements:** None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

**Career Opportunities**

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.
A minor in educational studies equips students with communication and collaboration skills, a valuable benefit when they will pursue careers related to education in a variety of settings such as nonprofits, community institutions, civic organizations, businesses and more.
