Elementary Education, BAE

Moment by moment, day by day and person by person, educators improve lives and strengthen communities. Wherever life takes you, an education degree prepares you to master new knowledge, communicate effectively and thrive in a world --- and an economy --- in which lifelong learning is key to success and happiness.

Program Description

The elementary education BAE program leads to elementary education certification in the state of Arizona for grades K-8.

This program offers students a firm grounding in academic content with current research and best practices, accompanied by real-world classroom experiences. Faculty are nationally recognized in their fields of expertise. This program also provides extensive experiences in integrating technology into teaching.

The teacher certification program for elementary education is clinically embedded during the junior and senior years. The primary goal of all clinical experiences is to provide interns and student teachers with multiple opportunities to apply knowledge learned in coursework to practice in preK-12 classrooms. Mary Lou Fulton Teachers College students complete internships during their junior year that require one day per week in grades K-8 classrooms and student teaching, which is a full-time, year-long apprenticeship known as their senior year residency. Mary Lou Fulton Teachers College faculty and highly qualified mentor teachers from our partner school districts and charter schools collaboratively coach interns and student teachers during required clinical experiences. The clinical experience provided by the program, known as iTeachAZ, is unmatched in Arizona. It provides students with an opportunity to work directly with children and make an immediate impact on classroom achievement. This intensive, hands-on clinical experience model of teacher preparation creates highly sought-after graduates.

Graduates are recommended for grades K-8 elementary teacher certification. Those desiring to teach in a public school must pass the appropriate Arizona educator exams, National Evaluation Series or Arizona Educator Proficiency Assessments, to be certified to teach in the state of Arizona.

At a Glance
• **College/School:** Mary Lou Fulton Teachers College  
• **Location:** Polytechnic campus, Tempe campus, West campus, ASU@Lake Havasu, ASU@The Gila Valley

• **Additional Program Fee:** No  
• **Second Language Requirement:** No  
• **First Required Math Course:** MAT 142 - College Mathematics  
• **Math Intensity:** General

**Transfer Admission Requirements**

ASU has a pathway that allows students to complete the ASU Transfer Admission Guarantee in elementary education, a prescribed sequence of courses that meets the requirements for the community college's Associate of Arts degree and the lower-division requirements for the ASU Bachelor of Arts in Education in elementary education. Upon completion of the TAG, students will complete the remaining requirements for ASU's elementary education BAE at a local community college. Visit [https://transfer.asu.edu/](https://transfer.asu.edu/) for more information about ASU degrees offered at local community colleges. Applicants must have completed the TAG agreement and earned an associate degree for acceptance to the bachelor's degree program.

**Change of Major Requirements**

A current ASU student has no additional requirements for changing majors. Students should refer to [https://students.asu.edu/changingmajors](https://students.asu.edu/changingmajors) for information about how to change a major to this program.
Transfer Agreements

ASU has partnered with colleges and universities in Arizona, California, Illinois and Washington to provide transfer curriculum pathways. Students should select their current institution to see if there is a partnership agreement between the institution and ASU for this degree program. Students who do not see their state or institution listed should check back as ASU is always working on creating new partnerships.

Transfer from a Maricopa Community College in Arizona

Global Opportunities

Global Experience
With over 250 programs in more than 65 countries (ranging from one week to one year), study abroad is possible for all ASU students wishing to gain global skills and knowledge in preparation for a 21st century career. Students earn ASU credit for completed courses, while staying on track for graduation, and may apply financial aid and scholarships toward program costs. https://mystudyabroad.asu.edu/.

Career Opportunities

There is a demand for highly qualified elementary teachers in Arizona. A high percentage of students from this program receive job offers during their student teaching. Many graduates with a degree in elementary education work in:

- charter schools
- nontraditional settings
- private school settings
- public elementary schools

Career examples include but are not limited to those shown in the following list. Advanced degrees or certifications may be required for academic or clinical positions.
