Program Requirements

The certificate requires 21 hours. Students must complete seven selected courses (four required and three electives) and earn a grade of "C" (2.00 on a scale of 4.00) or higher to receive the certificate.

**Core Courses -- 12 credit hours**

ERM 203: Environmental Regulations (3)
ERM 401: Hazardous Waste Management (3)
ERM 406: Environmental Chemistry (3)
ERM 407: Occupational Hygiene (3)

**Elective Courses -- 9 credit hours**

ERM 3** Elective or ERM 4** Elective (9)
Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements**

The certificate in hazardous materials and waste management is available to all ASU students in good standing except those pursuing the BS in environmental and resource management.

To add the certificate in hazardous materials and waste management, a student must hold, at minimum, junior status and have at least a cumulative GPA of 2.00.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.
