Program Requirements

The certificate in power and society requires a minimum of 15 credit hours (at least 12 credit hours must be upper division). Students are encouraged to take courses that develop breadth rather than limiting their selection to courses in one particular discipline.

All 15 credit hours must be completed through the School of Social and Behavioral Sciences in the New College of Interdisciplinary Arts and Sciences. A maximum of six credit hours may be shared between the certificate and a New College major.

The certificate requires three core credit hours and 12 credit hours of electives. Electives are not limited to the certificate elective list; see academic advisor prior to enrollment. A maximum of three credit hours of individualized instruction or internship may be applied toward the certificate.

Only courses in which a student received a grade of "C" (2.00 on a 4.00 scale) or higher may be used to meet the certificate requirements.
